

## **Introduction**

We like to have it simple.

101modelagency is helping photographers to get in touch with models from Iceland. We are not an agency based in Iceland, therefore we can just help to get in touch with each other.

101modelagency will clarify the details with the photographer before we send all necessary information to the model. Due to our Iceland experience we can help and give some useful tips in advance.

After we can ensure everything is good, we bring the photographer and model in touch. We are focused on international photographers traveling to Iceland for their editorials or Instagram stories.

In the case 101modelagency can help the photographer and the photo session was a success, we charge a small fee for our service to the photographer. Our service is free for models.

Because we are not a traditional model agency and only focused for bringing photographers and models together, you will be paid direct from the photographer, in the case of a paid production. We are not responsible for the payout.

## **Conclusion**

1. We try to keep it simple for everybody.
2. As we know how difficult it can be to arrange a photo session we assist and check the photographers need.
3. As soon everything is clear we bring model and the photographer together and share the contact details.
4. If you are booked for a paid photo session, you will receive the payment from the photographer direct.

## **Expectations**

It is our goal to offer a professional service to models and photographers as well.

We expect the following from our models:

1. punctuality
2. reliability
3. commitment

We don't accept unprofessional behaviors. You are obliged to inform us if something changes, like your hair color or size. It is our goal to keep the website as actual as possible.

To improve our service we will ask the photographer about a feedback after the appointment.

Please sign this platform conditions to confirm that you agree and understood all points. You also agree that we can provide your contact details to the photographer and all the information given to us are correct.
